Dear Miss Hage:

We are glad that you received the Library shelving about which you wrote on May 6th. It usually takes about two weeks before we can get these units assembled, bundled and ready for shipment. From there it is entirely dependent on the trucker or railroad, over which we have no control, when the shipment will arrive.

We have entered your order for 2 additional Extension Library units, model LX-710 @ \$18.75 each and also one Regular Hines Shelf unit at \$6.95 and one Extension Hines Shelf at \$5.95 each, plus shipping charges. These should be shipped sometime during the week of May 19th.

Thank you very much for all your favors.

Yours very truly

EDWARD HINES LUMBER CO.
